

53FT REFRIGERATED CONTAINERS

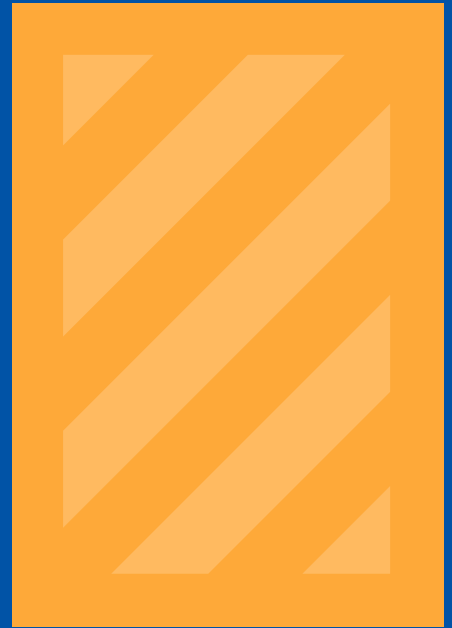

53FT DUAL COMPARTMENT REEFER

Our 53ft diesel reefer container is equipped with a diesel tank capacity of 118.8 gallons. This allows the container to power the diesel generator and maintain the required temperature throughout the whole journey.

To provide its customers with additional revenue generating possibilities UNIT53 Inc. has developed a dual-compartment reefer that enables the transport of simultaneously

two contrasting commodities such as fish and flowers.

The dual-compartment reefer features a movable wall that can be secured in different positions according to the load split. Special ducting and temperature monitors enable cold or warm air from the reefer unit to maintain different temperatures in the two compartments.

DIESEL REEFER

external dimensions

length: 53ft / 16154 mm
width: 8ft 6^{23/64} inch / 2600 mm
height: 9ft 6^{1/2} inch / 2908 mm

door opening

door width: 8ft 1^{9/25} inch / 2473 mm
door height: 8ft 8^{41/64} inch / 2568 mm

capacity

3436 cubic feet / 97.3 m³

internal dimensions

length: 50ft 4^{31/64} inch / 15345.5 mm
width: 8ft 1^{15/64} inch / 2470 mm
height: 8ft 5 inch / 2566 mm

ratings

max. gross weight: 67200 lbs / 30480 kgs
tare weight: 13600 lbs / 6170 kgs
max. payload: 53600 lbs / 24310 kgs

capacity fuel tank

118.8 gallons / 450 l
